

Care For The Family

You are special and loved by God. In St. Martin's and St. Mary's, we believe that care for you and your family starts right here. We are always experiencing 'life' which throws up events we don't welcome, and find difficult to deal with.

The Church family are here for you and each other. We can always talk to the Rector, or a member of the Church. Sometimes that may be difficult or we may need extra help.

Care For The Family also cares and provides literature, support, telephone help line and internet support. We belong to this organisation and provide information and regular communication to inform the whole Church.

We thoroughly recommend their support which has great sensitivity to many of the hurdles we experience throughout our lives, such as bereavement, divorce, legal problems, financial worries, relationship and marriage problems, isolation and many other problems of family life.

We say 'family life' because everything that happens inevitably has an impact on someone or something else in our lives. As a Church family we can pull together and support each other and use Care for the Family at the same time.
